

TOLSON's mission: make people Progress Together!

Procurement

- Define a procurement **digital roadmap**
- Develop and implement a **Supplier Innovation** system
- Implement a more strategic procurement **organization**
- Organize an innovative Procurement **Function Meeting**

VDA – Our Procurement community

Exchange with peers on procurement transformation (sustainability...) and performance (P2P, solutions...)

Operations

- Build and deploy a multi-site **Industry 4.0 roadmap**
- Engage the whole company in the **Operations transformation**
- Implement data collection and **analytics** solutions
- Identify and deploy new **smart automation** use cases

Industry 4.co – Our Smart Manufacturing community

Exchange with peers on Digital Operations transformation (Digital shopfloor, Smart automation, connectivity & data, analytics, skills & organizations)

Sustainability

- Onboard suppliers
- Implement a **Scope 3** assessment method
- **Engage** internal stakeholders into CSR topics
- Have managers adopt the **Sustainability roadmap**
- Assess your teams **CSR maturity**

SBC – Our Sustainable Business Community

Exchange between peers to progress together on common challenges (Finance in sustainability, EU taxonomy, change management, human rights, emissions reduction, ...)

Business transformation

- Lead BUs/Functions to truly **collaborate**
- **Deploy** a new strategy or a new organization
- Strengthen the **cohesion** of an executive team

Our benchmarking communities
