I, as the person responsible for the booth, hereby declare the equipment on display, whether operating or not, complies with all the following provisions:

• The burner conforms to the AFNOR standard NF – D 35-386 (August 2009)
• No inflammable element such as decoration, drape, door curtain, curtain, net curtain, sliding or folding wall, carpet, moquette or furniture is less than 2 metres from the casing of the equipment in operation
• The burner is always refilled with fuel when the public is not present
• No fuel is stored within the area receiving the public
• No more than 3 burners operate at the same time on the stand
• The burner is near a natural air supply during operation
• The burner is installed on a floor made of a non-combustible material
• The burner is secured to prevent it being accidentally knocked over
• When operating, the burner has a sign saying "surfaces chaudes ne pas toucher" (hot surfaces, do not touch)
• The public is kept at a distance of at least 1 metre from a burner that is being operated
• The stand has at least one extinguisher appropriate for the risk

I, the person responsible for the booth, hereby declare that the information in this declaration is correct and undertake not to modify the installation during the event.
