

WEDNESDAY, OCTOBER 14TH

INTRODUCTION SESSIONS

 x  INNOVATIVE BEAUTY GROUP 11:45 am	Come to the Table to Innovate – Collective innovation, a productive model
    Cofinancé par l'Union européenne  12:30 pm	Cosmetic Innovation in the Loire Valley : When regeneration becomes a growth accelerator
01:45 pm	SESSION 1: Trends – reimagining beauty through regenerations
01:50 pm	VELA – Powered by nature: from marine biotech to wind-powered logistic
02:10 pm	Proya Cosmetics – Innovation-driven, smart-made, green-led: From efficiency to regeneration: an integrated model for low-carbon and resource-positive cosmetic manufacturing
02:30 pm	SESSION 2: Raw materials – the living power of regenerative ingredients
02:35 pm	GREENCELL – Regenerative soil health as a catalyst for high-density botanical actives in cosmetics
02:55 pm	VYTRUS BIOTECH – Re-educating urban Skin: a plant-based tolerogen to (re)generate skin tolerance.
03:15 pm	LABORATOIRES EXPANSCIENCE – Can agriculture inspire the next generation of active ingredients?
03:35 pm	SILAB – Skin regeneration: a journey from aged to damaged skin

WEDNESDAY, OCTOBER 14TH

SPECIAL SESSIONS

NUTRIKÉO

04:00 pm

Regenerating the beauty business – when nutrition and cosmetics converge to create new frontiers of innovation

04:35 pm

The BIOTECHS 2045 immersive capsule by GREENTECH – When visionary biotech experts reveal the promises of the future

05:15 pm

COSMETIC 360 AWARDS CEREMONY

Best innovations of this 12th edition, judge by an international press jury

THURSDAY, OCTOBER 15TH

10:00 am

SESSION 3: Formulation – Designing formulas that restore and renew

10:05 am

DASSAULT SYSTEMES x GROUPE ROCHER – How to transform natural cosmetics formulation through virtual twin technology

10:25 am

LB Cosmeceutical Technology Co – Biomimetic liquid crystal emulsification technology for skin barrier regeneration in mild atopic dermatitis

10:45 am

NLAB – Building a regenerative cosmetic value chain around a protected terroir

11:00 am

ROUND TABLE : WHEN OPEN INNOVATION REGENERATES INNOVATIONS

THURSDAY, OCTOBER 15TH

FRENCH OVERSEAS COSMETOPEIA

02:00 pm	CIRAD – French Overseas Cosmetopeia: An interdisciplinary field for the knowledge, conservation, regeneration, and sustainable valorization of biodiversity.
02:30 pm	SESSION 4: Packaging – Beyond circularity: reinventing materials, rethinking impact
02:35 pm	APTAR – Elevating the consumer experience with innovative refill & reload solutions
02:55 pm	IPC – Addressing regulatory and technical challenges for small cosmetic packaging through eco-design
03:15 pm	SESSION 5: Testing & analysis – Decoding regeneration: from ambition to proof
03:20 pm	EXADEX-INNOV – A human ex vivo longevity lab for predictive tissue regeneration and cosmetic innovation
03:40 pm	SGS PRODERM – In vivo assessment of regenerative effects of cosmetic products on the skin barrier using multimodal non invasive technologies
03:40 pm	SESSION 6: Industry & process – From impact reduction to value creation
03:45 pm	BIOWEG UG – How to scale a bio manufacturing in europe using circular economy
04:05 pm	ESPCI Paris PSL – How to scale a bio manufacturing in europe using circular economy
