

Fully experience the event with just one app

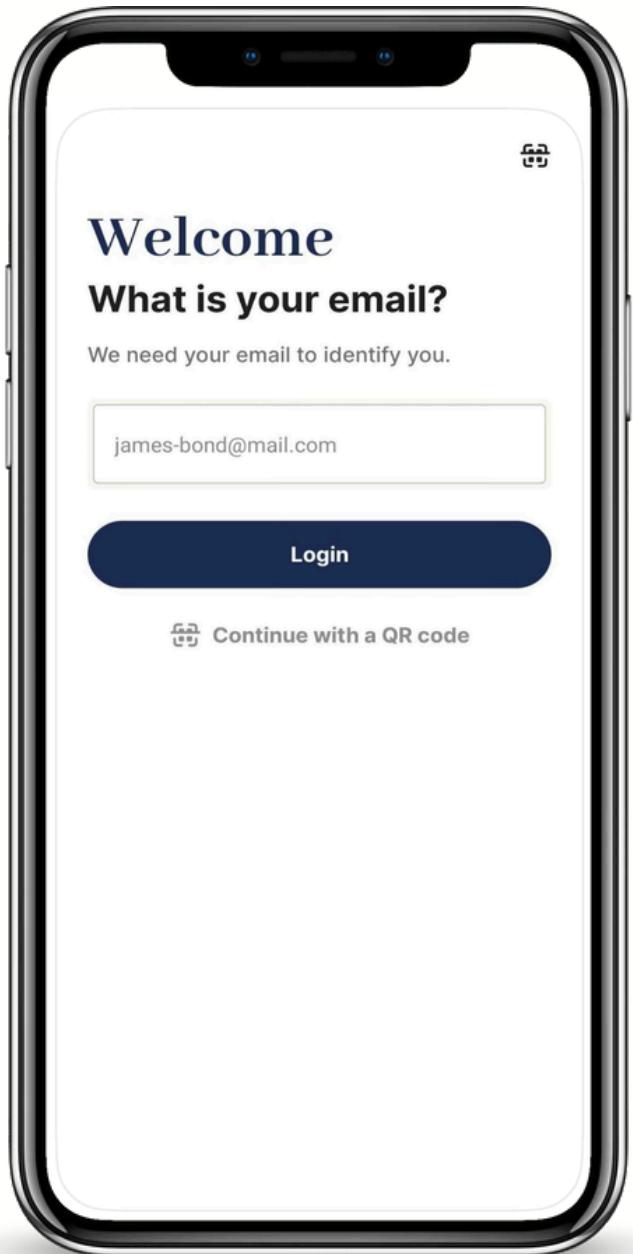

eventmaker

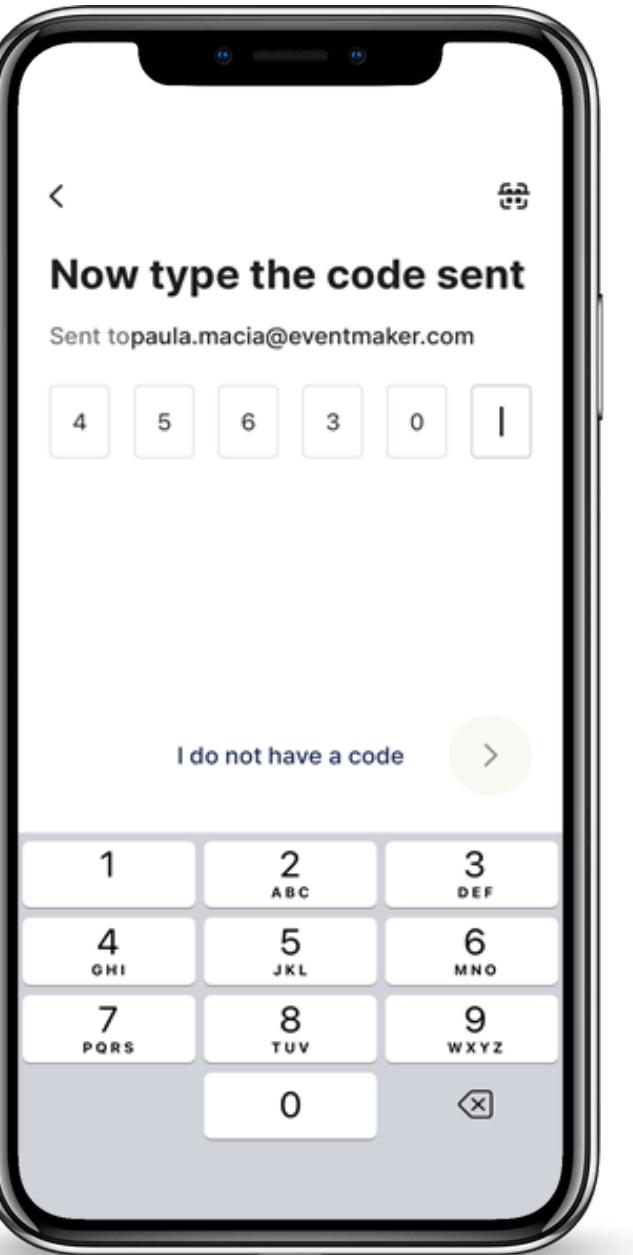

Log in to the app

01

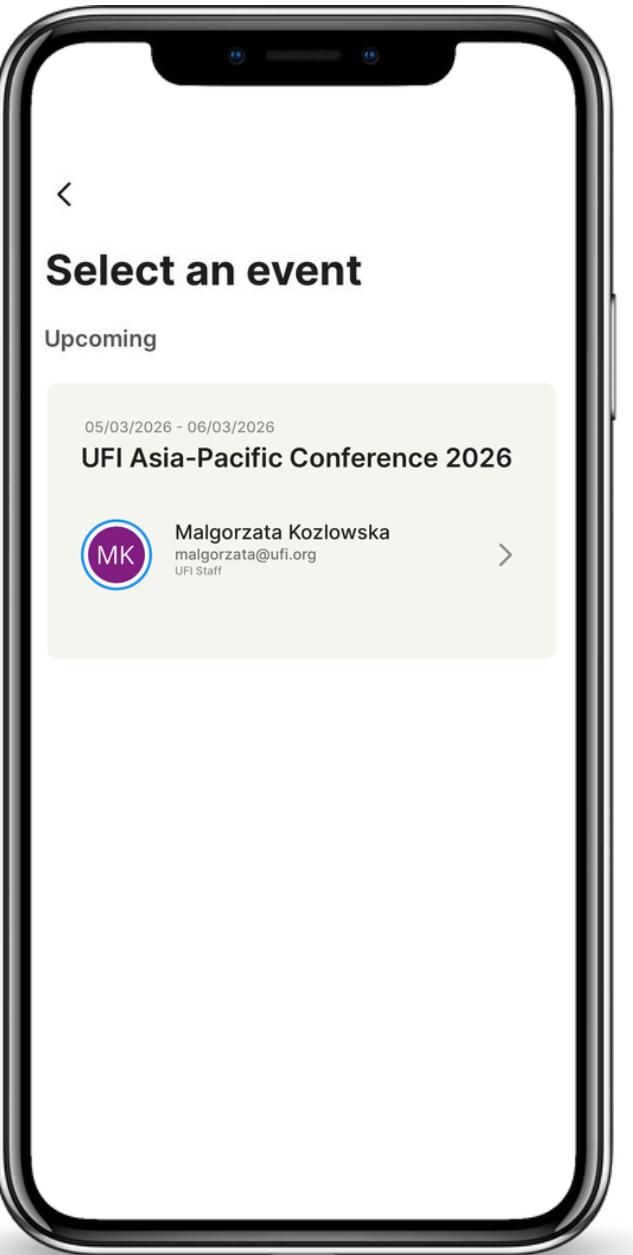

Log in with the same email address you used to register for the event.

02

Fill in the 6-digit code sent to your email address.

03

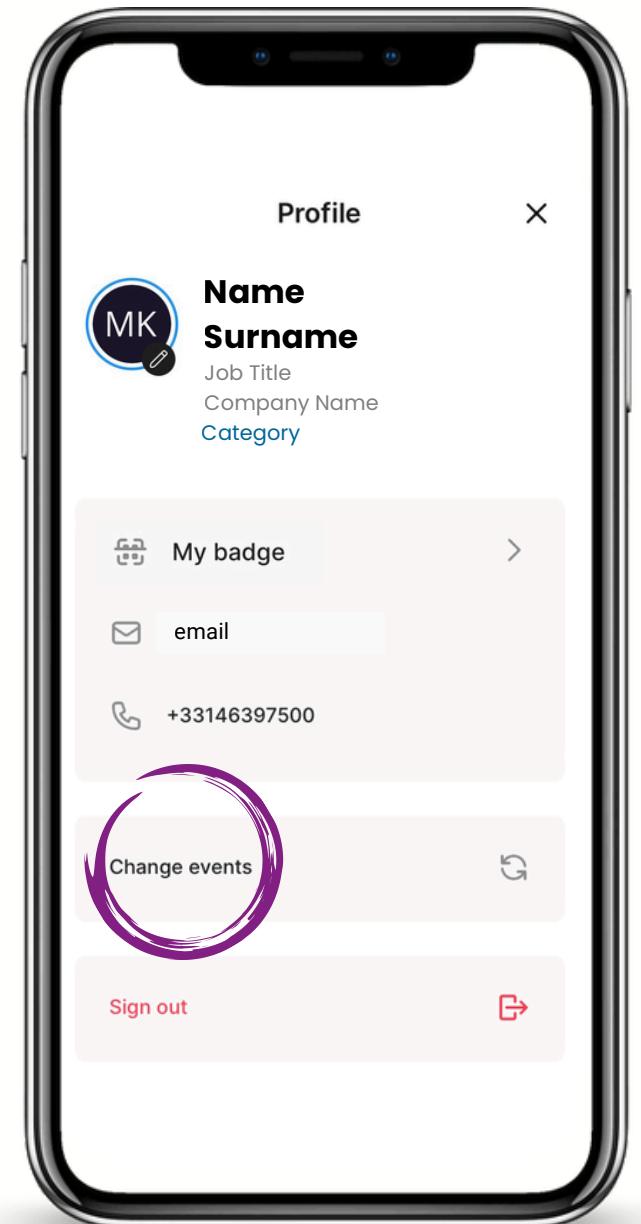

Select the UFI Asia-Pacific Conference 2026 event from your profile.

How to access UFI APAC Conference

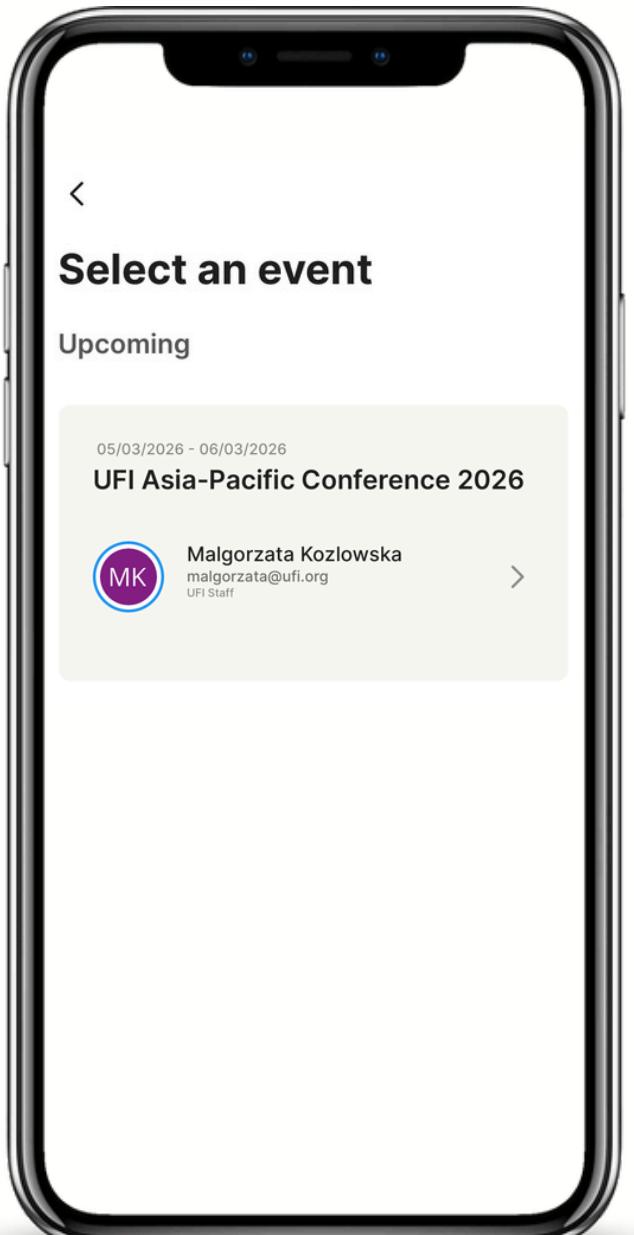

The UFI Events app is a **container app**, which means it includes all events from this year that you participated in.

- If you log in to the app and you see a previous event, follow these steps:
 1. Go to your profile
 2. Click on “Change events”
 3. From the list of events choose “UFI Asia-Pacific Conference 2026”

Networking: List of Participants

Messaging Participants

● Your Profile, Notifications, Messages

View your profile, your messages, and event push notifications.

● Home Page

From this view, you have access to all mobile app features and pages. You can quickly access different areas of the event's website and networking functions.

● Networking with Peers

View the list of participants under the button "Attendees". Click on "Messages" to start a conversation with your peers.

How to access your profile

Your profile includes:

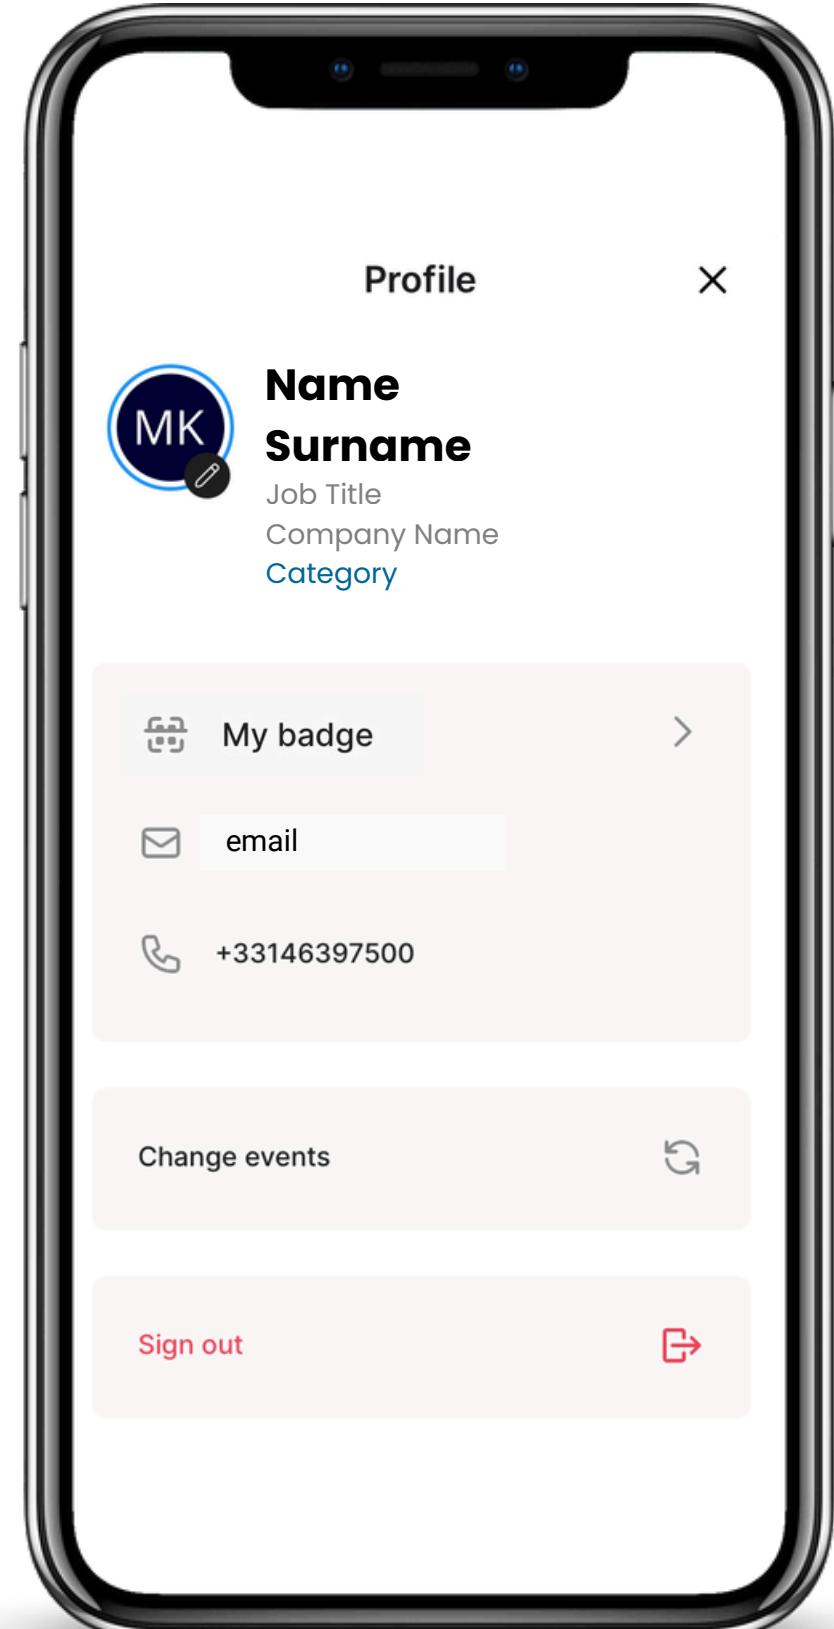

- Your **badge QR code**, which can be scanned by participants at the event to be added as a new contact.
- Your profile icon which you can replace with your picture.
- Your notifications center.
- The possibility to change event on the application.
- The possibility to disconnect from the application.

Access your profile
by clicking on the
top left side icon.

02

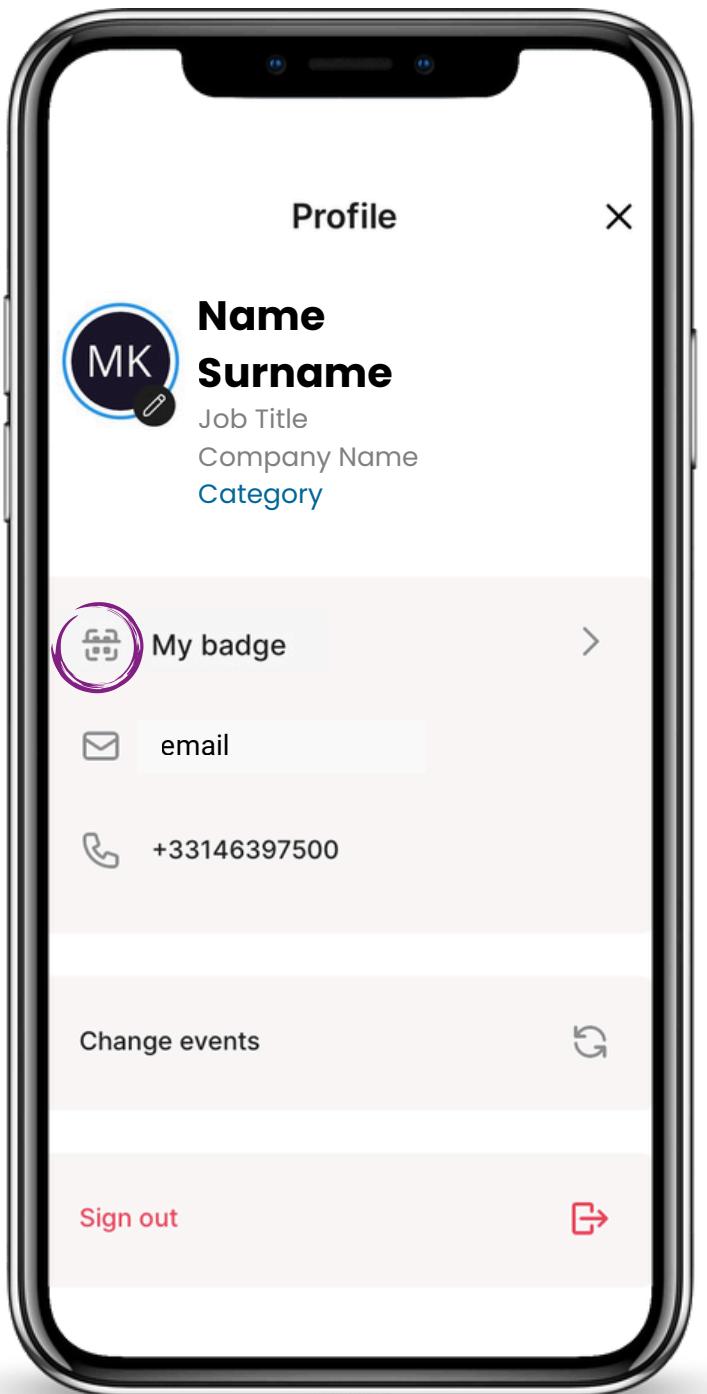

How to get your badge

**Once you access your profile,
follow the steps below:**

1. Click on “**My badge**”
2. Open the QR code
3. Scan the QR code onsite at
the entrance to print your
badge.

01

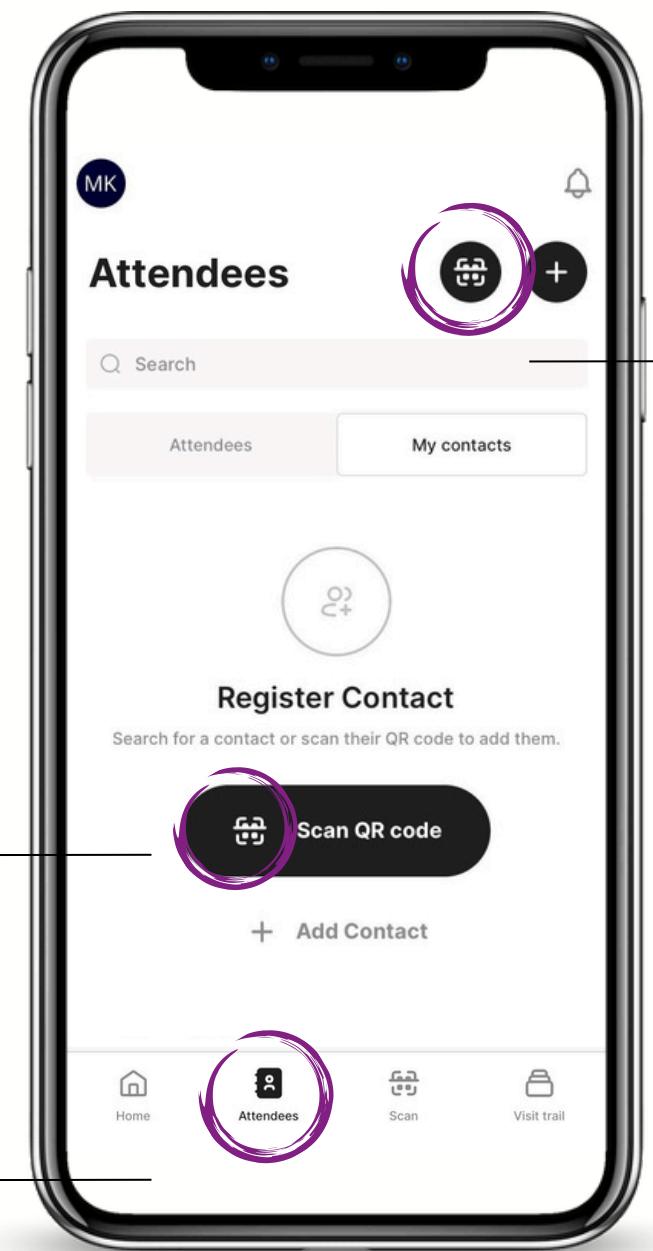

02

Scan an attendee's QR Code

01

Click on the scan icon here.

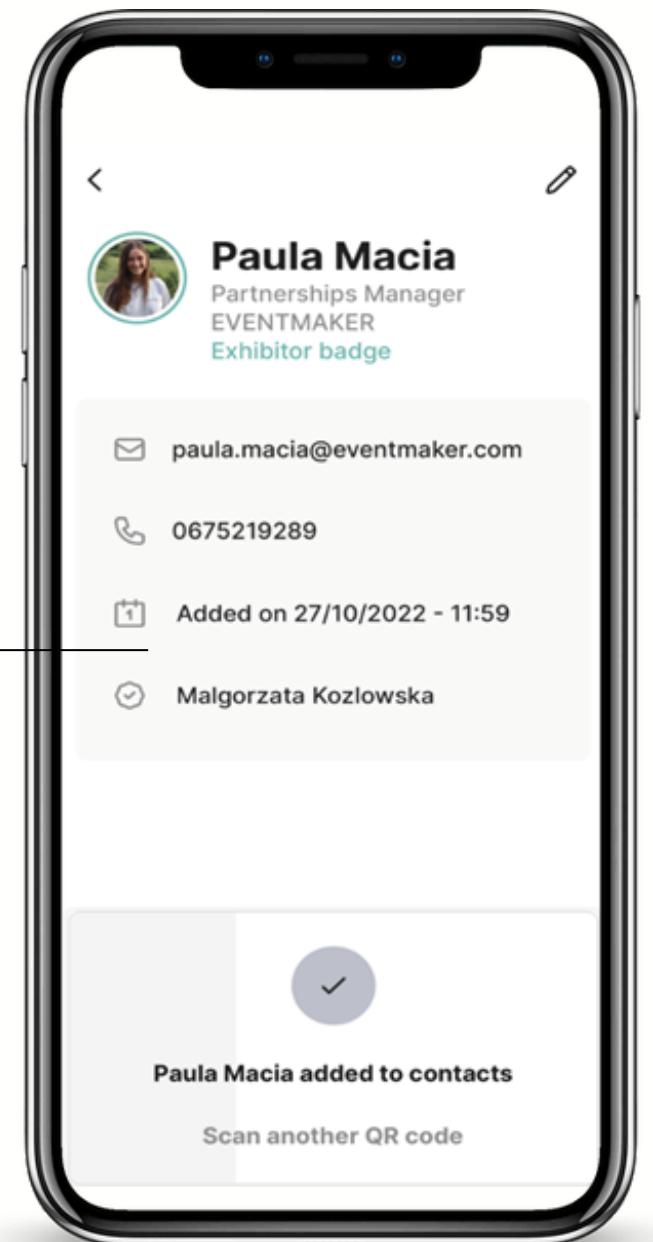

02

Click on the scan icon also here.

Go to the "Attendees" tab.

03

The contact has been added to your contacts.

Allow access to your camera and scan the QR code on the attendee's badge.

How the list of attendees work

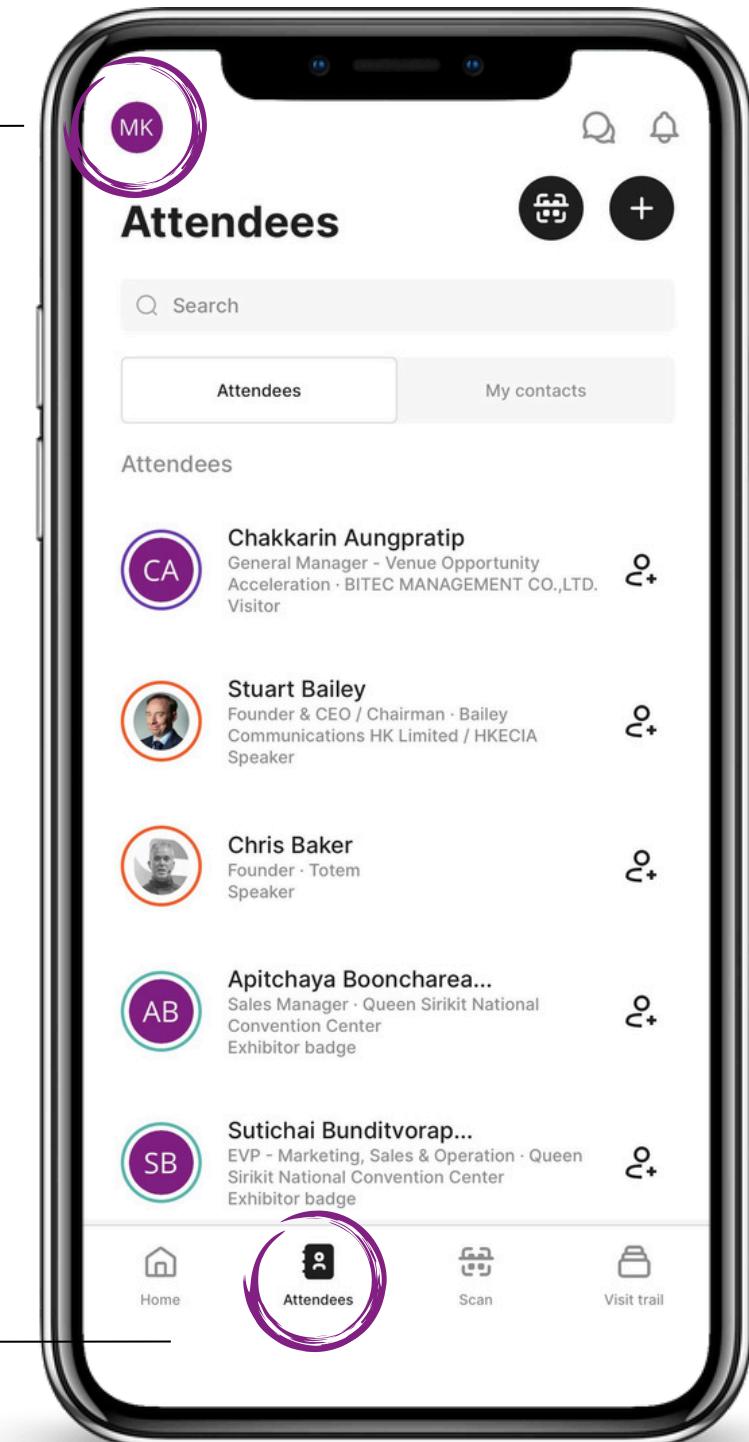

Your Profile

You will be able to see all other attendees on the list, while your own name will not appear in your personal view. Other participants, however, will see you in their attendee list.

This works similarly to social platforms like Facebook: you can view others, but you don't see your own profile in your own contact list.

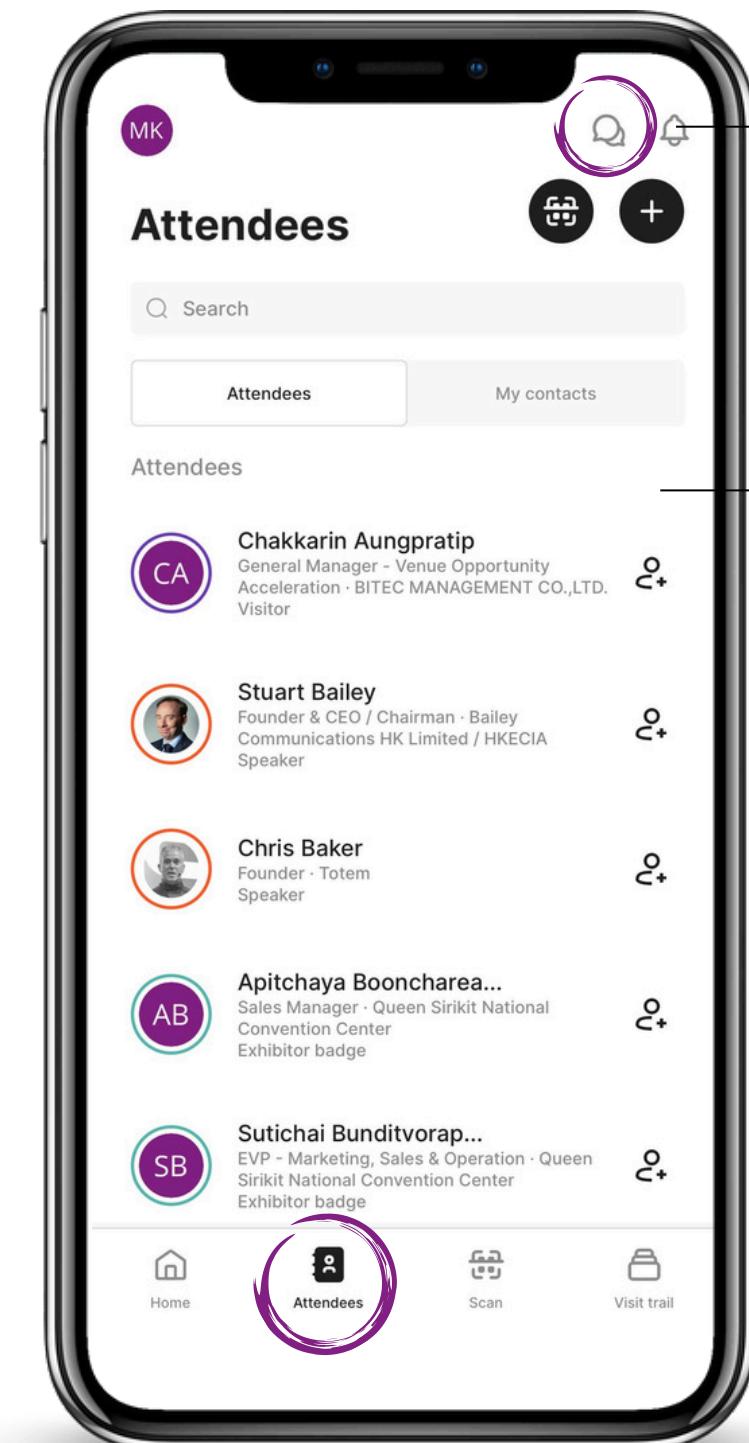

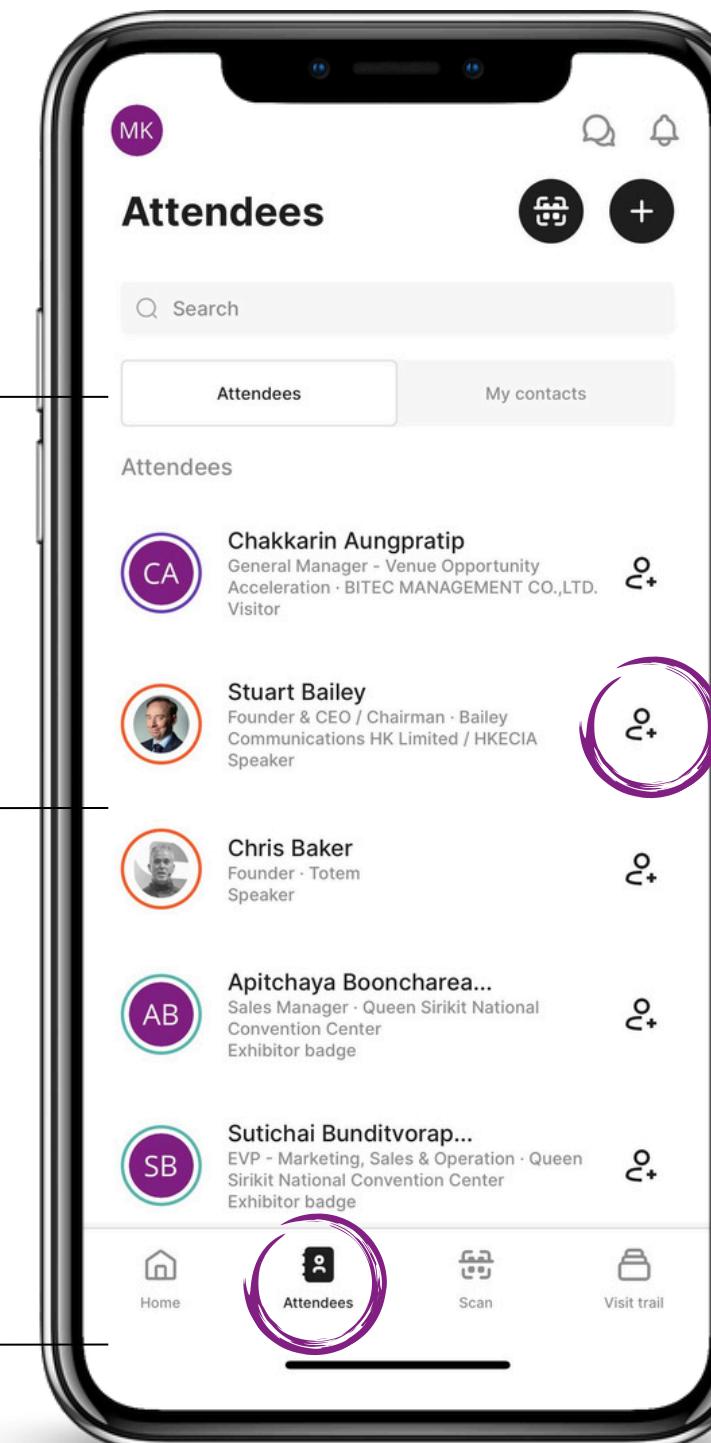

You can view your profile details by clicking on the top left side icon.

Go to the "Attendees" tab to see the list of participants.

Add an attendee from the contact list

Scroll through the full list or start typing the name of someone in the search box.

Click on the button to add a delegate to your contacts.

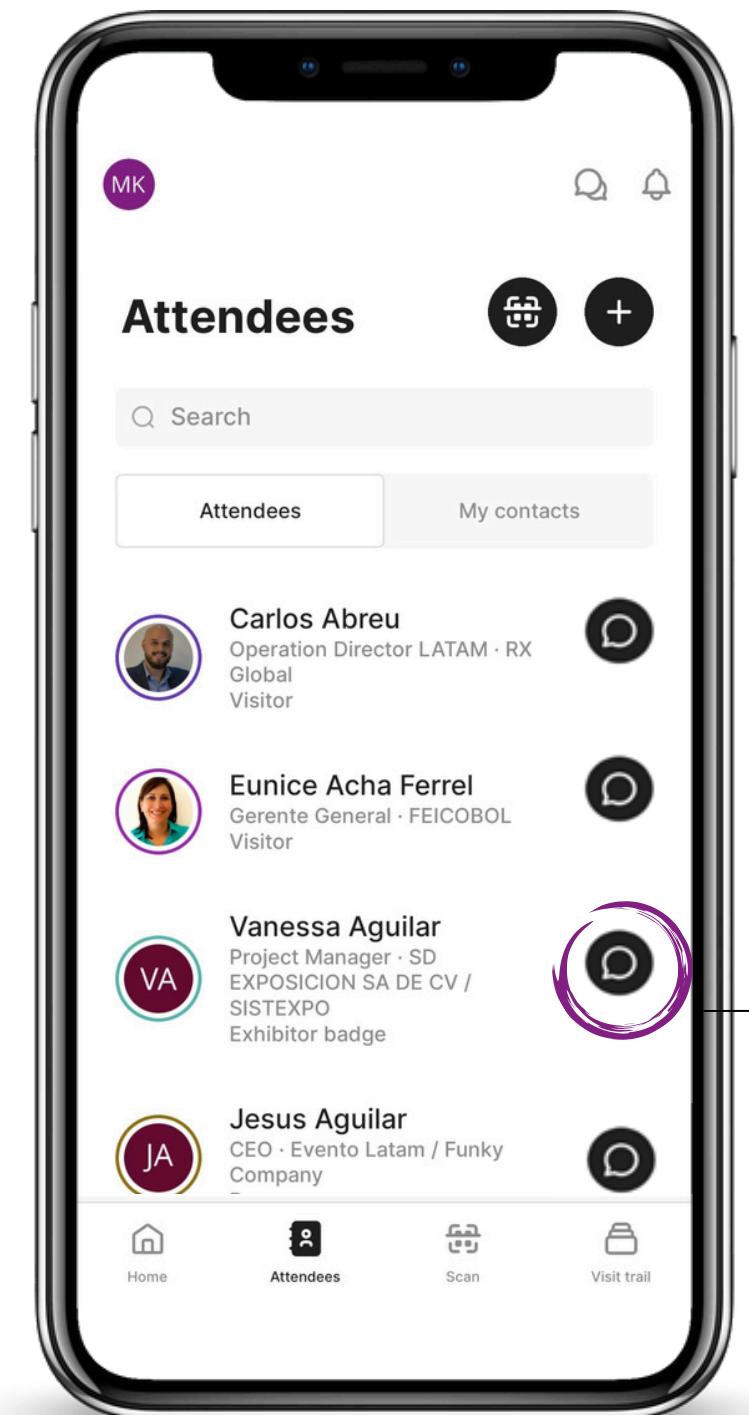

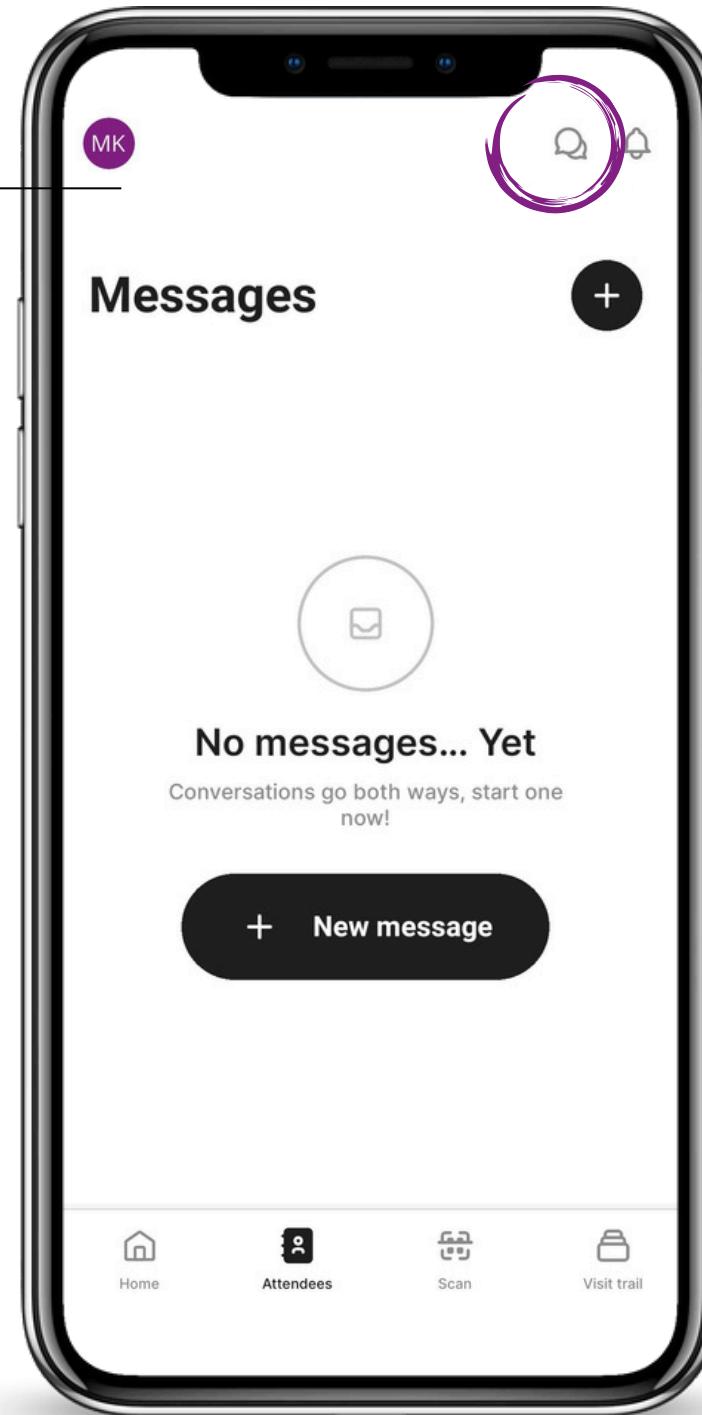

Start a conversation with one of your contacts by clicking on "Messages".

Go to the "Attendees" tab to see the list of participants.

All your pending requests will appear in "My contacts" tab.

Start a new conversation

- Go to the “Messages” tab to start a conversation with someone by searching for them using the search box.

- When the contact accepts your invitation, start a conversation with them by clicking on the chat icon.

- A red dot will appear on the message icon when you receive a new message.
- Unread messages will be indicated by a flashing black dot next to the conversation.

Manage your contact requests

You will receive a notification when someone sends you a contact request, you can accept or decline the invitation from the 'Attendees' tab.

See you soon!
