

Company profile

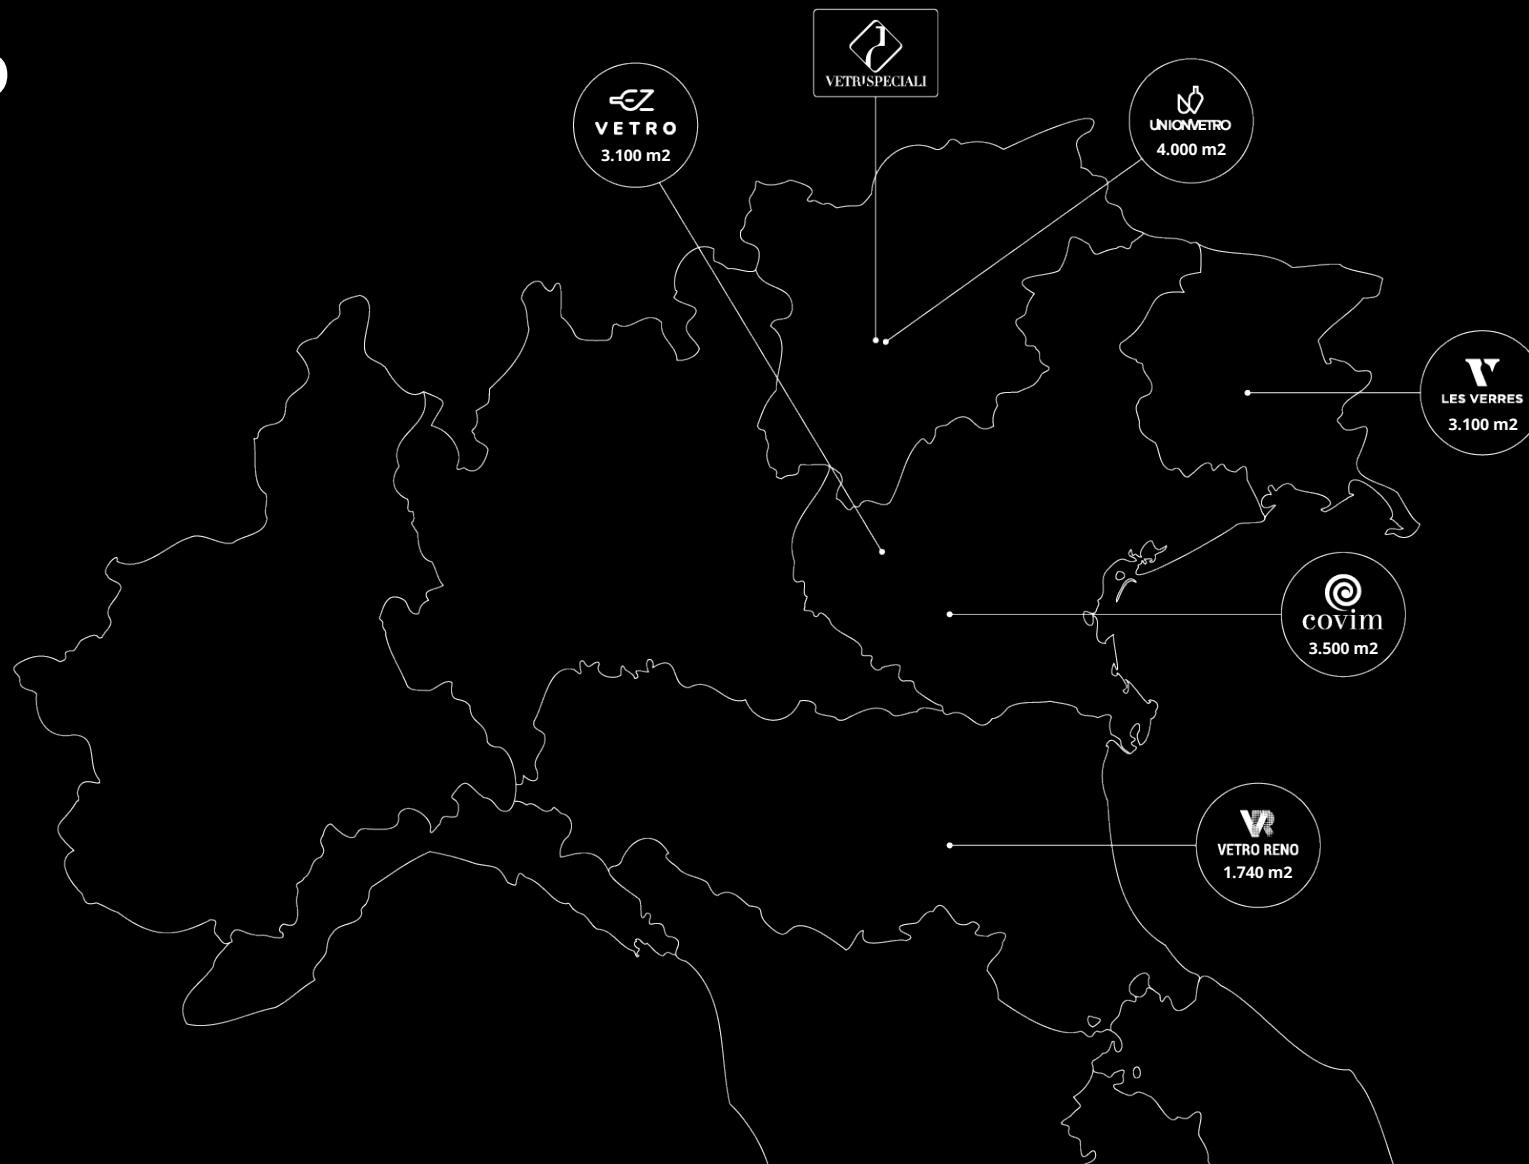

TREVE GROUP

Treve is a well-established and deeply rooted organization, created to provide expertise, efficiency, and reliability across different markets through a carefully selected range of products and solutions.

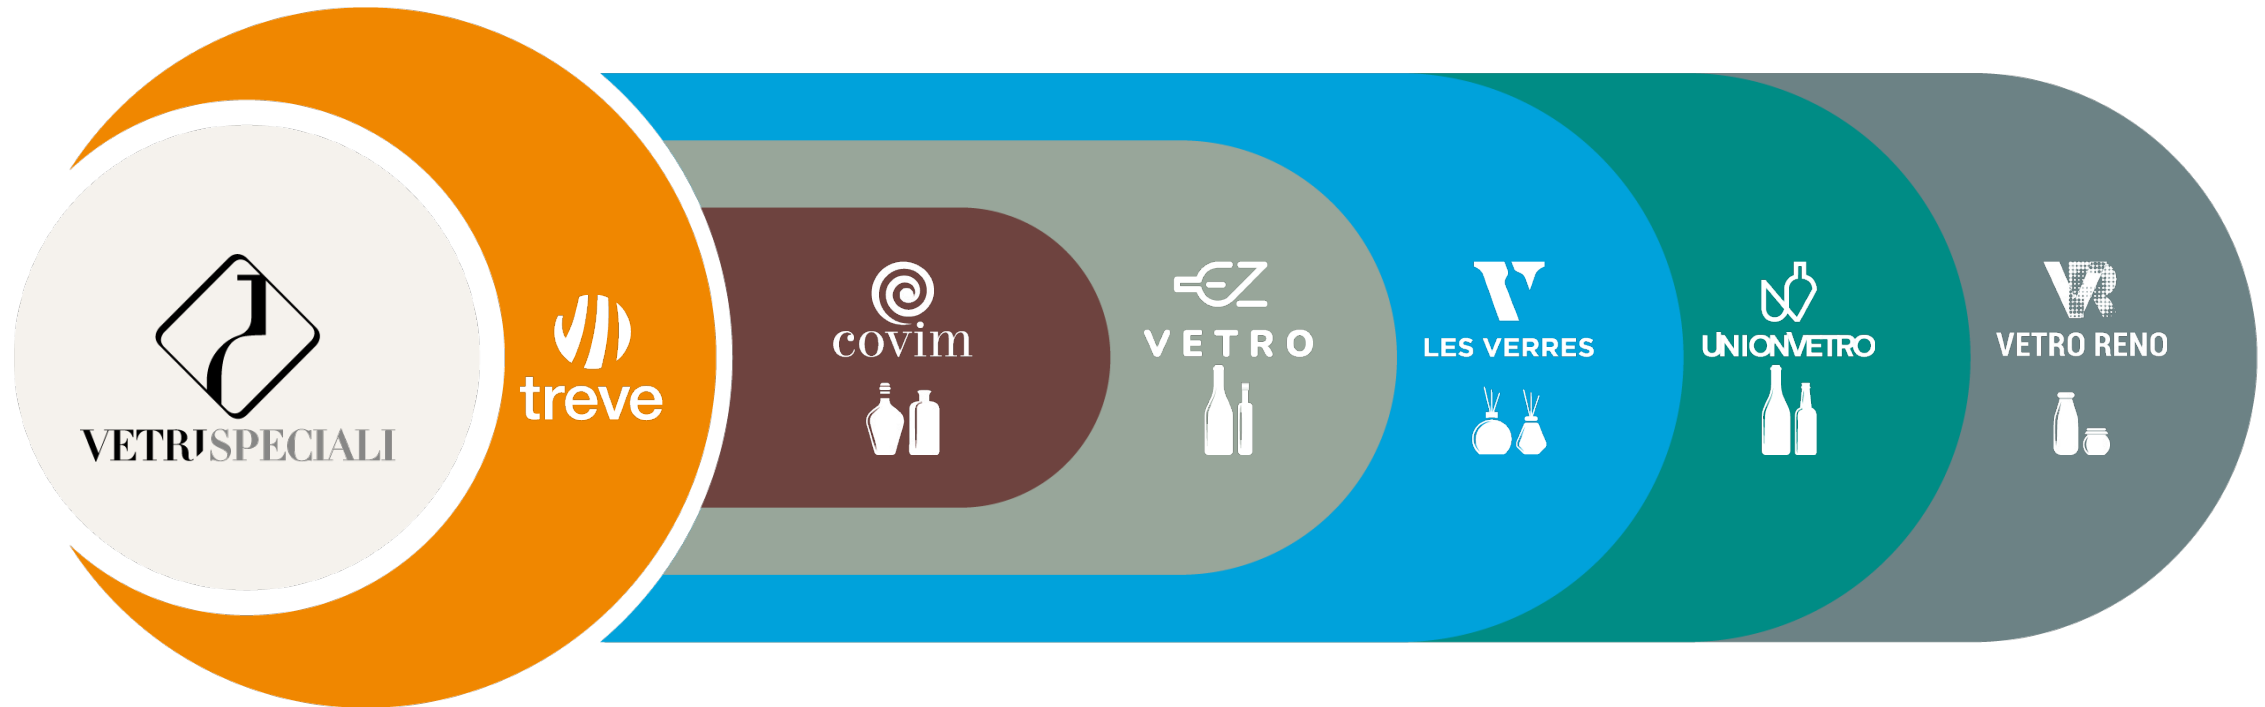

Wine, Food, Oil & Vinegar, Spirits, and Home Fragrance are our areas of specialization. More than just glass packaging, we offer complementary accessories and outstanding service.

TREVE GROUP

THE GROUP COMPANIES

HISTORY

Over 50 years of experience and a constant commitment to innovation make Treve the ideal partner for every project. Over the years, the Group's companies have become a benchmark in the design and distribution of glass containers.

Each company provides its customers with a wide range of high value-added services and exceptional flexibility, both in product development and production. Through its commercial network, Treve currently serves customers in more than 50 countries and develops projects worldwide, providing direct support in English, French, and Spanish.

MANIFESTO

We are an **integrated ecosystem** in continuous evolution, committed to strengthening excellence and creating sustainable value. We coordinate **five companies specialized** in food & beverage packaging, combining expertise, product development, and service. With **130 million** containers distributed every year in more than **50 countries**, Treve Group is a solid, structured, and constantly evolving organization.

OFFER

We provide tailor-made solutions with extensive customization possibilities, managing every stage with **great flexibility**: from concept development to production and logistics.

Our design process relies on **2D and 3D** tools, **rapid prototyping**, and **glass samples**, enabling accurate evaluations throughout the entire development journey.

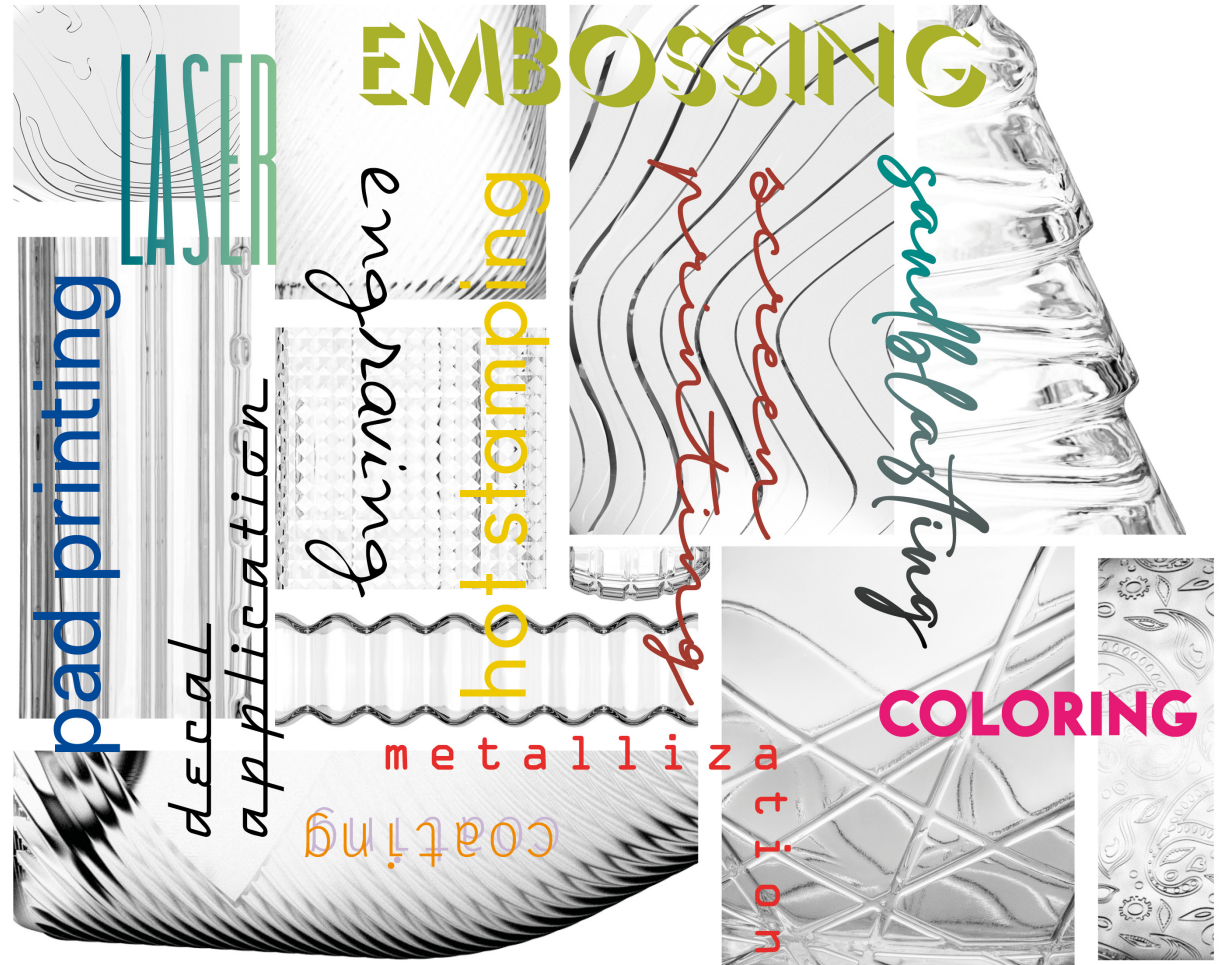

PRODUCTS & SERVICES

CUSTOMIZATION

Customization options include **embossing and engraving** on glass, **coloring** and surface treatments, **secondary processing** and advanced **decoration techniques** such as screen printing, pad printing, hot stamping, decals, laser decoration and any other innovative solution, as well as the application of accessories designed to further enhance the final product.

ALL YOU CAN PACK!

Just ask!

Open our catalog and discover a wide range of containers in every shape and capacity, designed to support and enhance every type of customer and product.

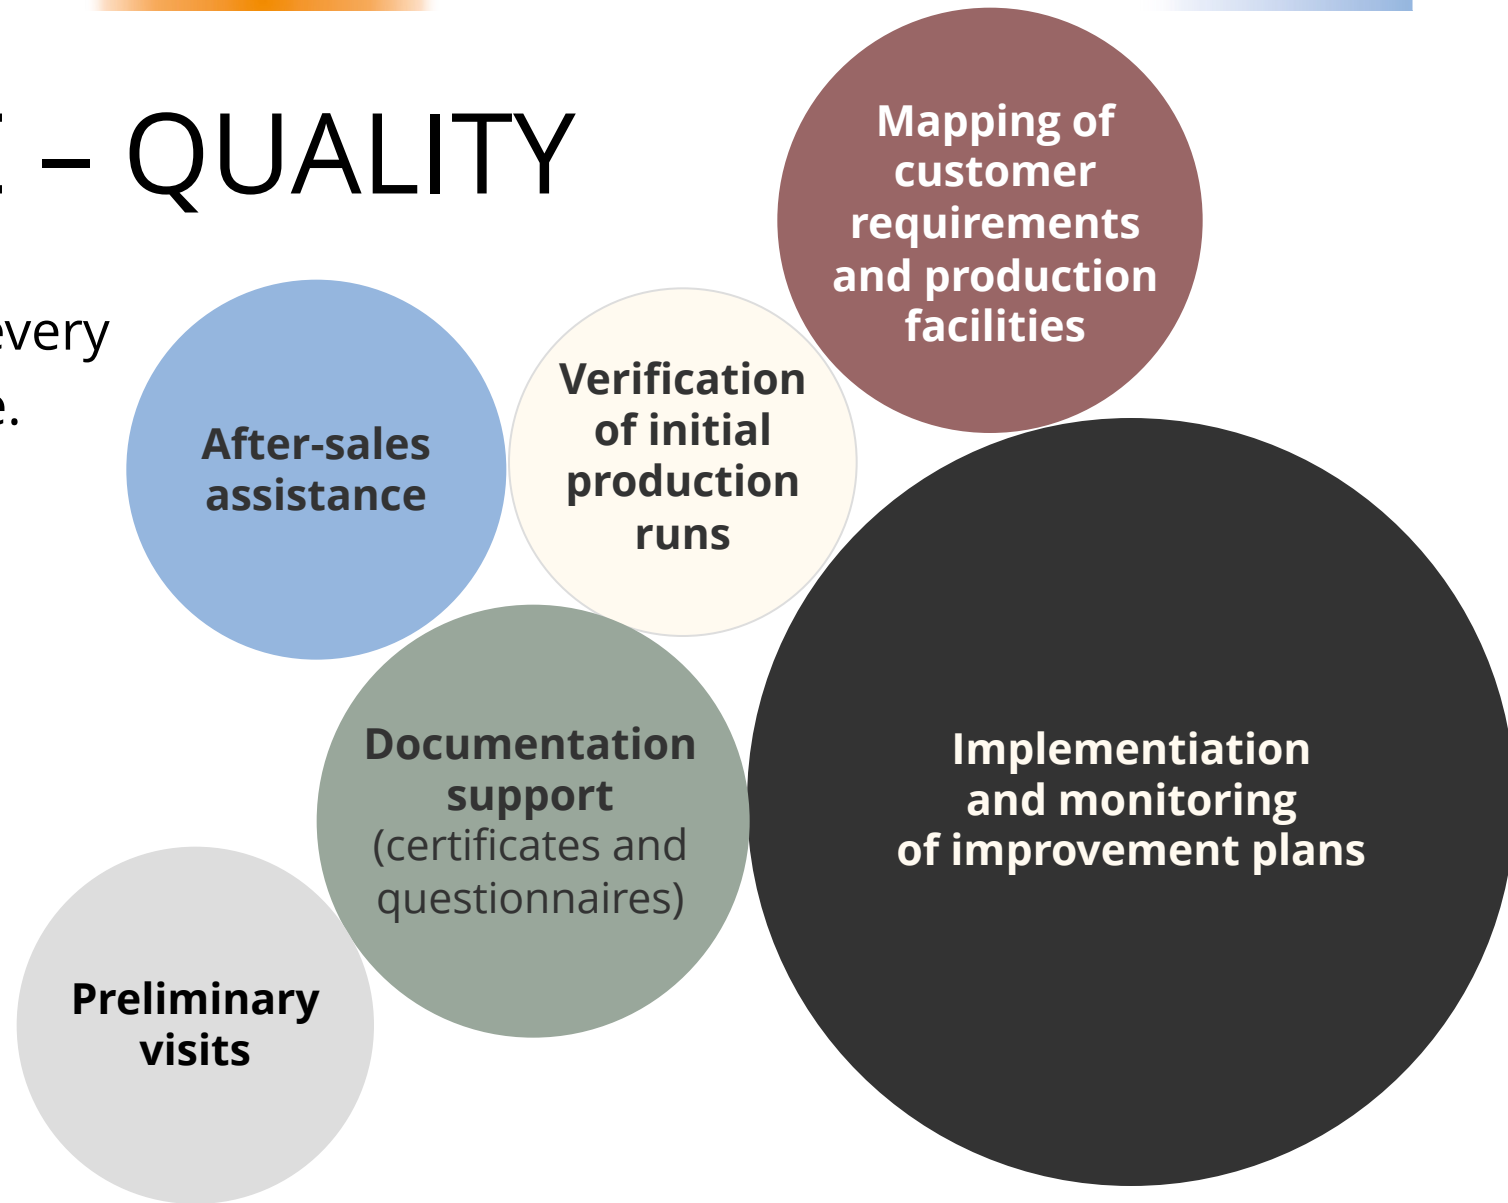

Our offering is complemented by closures and accessories, including customized solutions.

CUSTOMER CARE – QUALITY

At Treve Group, we are committed every day to ensuring product compliance.

We provide our customers with professional and accurate pre- and post-sales support through a dedicated team with extensive industry experience. Direct contact and in-depth customer knowledge are also integral parts of our activities and are implemented through:
