The Biodegradable NFC/RFID
Label for clean packaging

Don' be a connected polluter.

Your packaging talks. Then disappears.

Biodegradable & recyclable

Compatible with EU Digital
Product Passport

Anti-counterfeit protection

Smart customer interaction

Why it matters to your brand.

For the planet

- No plastic. No chemical etching.
- Compostable in 30 days.

For your customer

- Transparent product storytelling.
- Authenticity verification with one tap.

For regulation

- Compliant with EU's upcoming DPP mandate.

For you

- Ethical consistency: you are organic, your label is too.
